

FULLSTACK DEVELOPER

Name: Ebenezer Kwabena Blay Ackah
Email: ebenezerkb.ackah@gmail.com
Phone: 0277675089
LinkedIn: linkedin.com/in/ebenezerkb-ackah
GitHub: github.com/dexitonal
Portfolio: ekbackah.vercel.app

Professional Summary

Highly skilled Full-Stack Developer with 10 years of experience in software development, specializing in modern web technologies, including React, Next.js, and Node.js. Adept at designing and implementing scalable applications optimizing performance, and leading development team. Passionate about problem-solving and delivering high-quality solutions. Master's degree candidate in Information Technology, bringing a strong foundation in computer science and software engineering principles.

Technical Skills

Frontend: React.js, Next.js, Redux, TypeScript, JavaScript (ES6+), Tailwind CSS, HTML5, CSS3, Webpack, Babel

Backend: Node.js, Express.js, Nest.js, GraphQL, REST APIs, Microservices Architecture

Database: PostgreSQL, MongoDB, MySQL, Firebase

DevOps & Tools: Docker, Kubernetes, AWS (Lambda, EC2, S3, RDS), CI/CD (Jenkins, GitHub Actions), Vercel, Netlify, Digital Ocean

Testing: Jest, Cypress, Mocha, Chai

Other: Agile (Scrum/Kanban), Git/GitHub, WebSockets, Serverless Architecture, Authentication & Authorization (JWT, OAuth)

Professional Experience

Senior Full-Stack Developer

K-soft Consult | 2020 – Present

- Architect and develop scalable web applications using React, Next.js, and Node.js.
- Lead a team of developers, conduct code reviews, and mentor junior engineers.
- Optimize application performance, improving load times by 30%.
- Integrate RESTful APIs and GraphQL for seamless backend communication.
- Implement CI/CD pipelines and deploy applications on AWS and Vercel.

Full-Stack Developer / Principal ICT Assistant

University of Cape Coast | 2018 - Present

- Developed interactive UI components and reusable libraries in React.
- Built secure and scalable backend services using Node.js and Express.js.
- Designed and optimized database schemas in MySQL, PostgreSQL and MongoDB.

- Collaborated with cross-functional teams to enhance application functionality.

Web Developer / IT Support Officer

Dodowa Health Reserch Centre | 2013 – 2018

- Developed and maintained the organisation's website and applications.
 - Maintained high code quality and delivering features on time.
-

Education

Master's Degree Candidate in Information Technology

Kwame Nkrumah University of Science and Technology | November 2025

Bachelor's Degree in Telecommunications Engineering

Kwame Nkrumah University of Science and Technology | August 2012

Projects & Contributions

University Management System

- Built a fully responsive web application using React and Next.js.
- Developed backend services with Node.js and Express, integrated with MySQL.
- Deployed on Digital Ocean with automated CI/CD pipelines.
- Features an Admission Management System, Academic Management System, Finance Management System, and Election Management System
- Integrates with Third-party banking APIs for receiving payments and retiring student accounts.

Human Resource Management System

- Built a fully responsive web application using React and Next.js.
- Developed backend services with Node.js, integrated with PostgreSQL.
- Deployed on Digital Ocean with automated CI/CD pipelines.

Online & Offline Election Management System

- Built a fully responsive web application using React and Next.js.
- Developed backend services with Node.js, integrated with PostgreSQL.
- Deployed on AWS with automated CI/CD pipelines.

School Management System

- Built a fully responsive web application using React and Next.js.
- Developed backend services with Node.js, integrated with PostgreSQL.
- Deployed on AWS with automated CI/CD pipelines.
- Delivers features for Senior High School and Junior High School academic processes

Websites & Web Applications

- Built fully responsive web applications and websites using React and Next.js.
 - Developed backend services with Supabase.
 - Integrated Content Management Systems (CMS) like Sanity CMS and Strapi.
 - Deployed on Vercel with automated CI/CD pipelines.
-

Soft Skills

- Leadership & Team Collaboration
 - Problem-Solving & Critical Thinking
 - Communication & Client Interaction
 - Agile & Scrum Methodologies
 - Time Management & Prioritization
-

Languages

- English (Fluent)
