Dear Sir/Madam

REQUEST FOR THESIS EXTENSION

I hope this letter finds you well. I am writing to explain the circumstances that have led to a significant delay in the completion of my thesis and to request an extension for its submission.

Over the past few years, I have been navigating a difficult marital separation, during which I became the primary caregiver for my child. The demands of this personal situation, along with the emotional and practical challenges involved, severely impacted my ability to focus on and dedicate sufficient time to my academic work. As a result, my progress on the thesis was delayed far beyond my original expectations.

However, I am now in a position where I have resolved the majority of these challenges and can devote my full attention to completing my thesis. Given the circumstances, I am requesting an extension to the deadline for submission, so that I can ensure the work is completed to the highest standard.

I sincerely appreciate your understanding and consideration of this request, and I am happy to provide any further details or documentation if needed.

Thank you for your support and for allowing me the opportunity to finalize my work.

Yours sincerely,

Ebenezer Kwabena Blay Ackah
